

# Introducing the AL3 PRO

## low-profile hard trifold tonneau cover

The **AL3 PRO** is made using ultra-thick-formed aluminum panels that provide superior dent resistance. Additionally, the panels are coated with a proprietary ceramic paint formulation that offers exceptional scratch resistance to keep your cover looking great for longer.

## The Workspport Way

Proudly made in the USA

Workspport proudly manufactures all hard tonneau covers in our state-of-the-art facility in upstate New York. We are committed to producing our entire product lineup in America, including the revolutionary SOLIS tonneau cover, which will generate clean green power anywhere you go.

### Available Local Experts

At Workspport, we're committed to providing the best customer experience possible. This is why our dedicated Customer Service is located in both Canada and the USA, ensuring you get the help you need from a team that understands your requirements.

### Lifetime Support

We stand by our products and will address any issues or questions the entire time you own a Workspport tonneau cover. When you buy a Workspport product, you're not just buying a truck accessory; you're getting a partner the moment you decide to make your purchase.

## The Workspport Advantage

### Security

Workspport tonneau covers keep exposed cargo covered and out of sight, deterring potential theft.

### Quality Guarantee

Designed for truck owners by truck owners. Years of experience and testing go into every Workspport product.

### Warranty

Limited 3-Year warranty on any defective material and craftsmanship.

MADE IN THE  
**USA**

 **Workspport**

 NasdaqWKSP

## Key Features

- Quick and easy installation
- Low-profile and sleek design
- Ultra-lightweight
- Iron clad warranty
- Lifetime support

### Find your Fit

**AL3 PRO** latches slide in cross-member channels, ensuring easy adjustment and proper fitment.

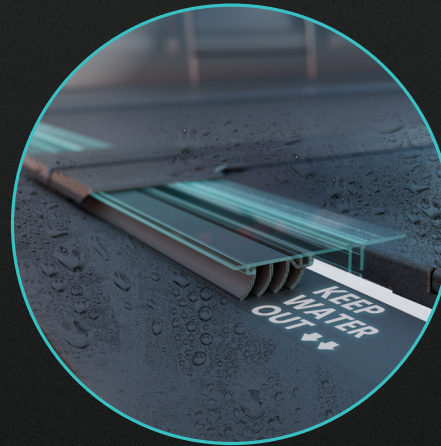

### Easy to Use

Lightweight design with no drainage rails makes installing and removing the cover easier.

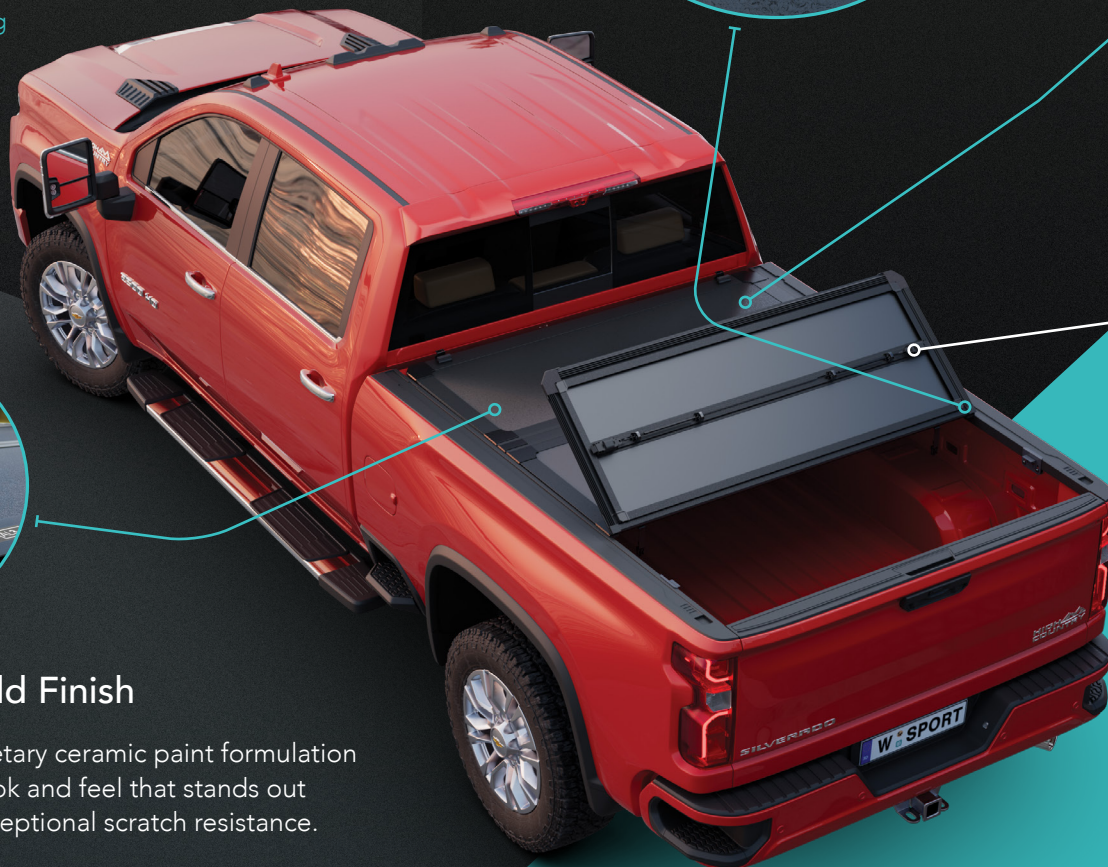

## Triple Fin Side Seals

Triple-fin seals provide superior weather protection, keeping water out of your truck bed and ensuring your cargo stays dry and clean.

## Tough and Lightweight

**AL3 PRO** is an extremely durable and tough hard tonneau cover that uses ultra thick, all metal formed panels to enhanced dent resistance without increasing weight.

### DiamondShield Finish

Workspoint's proprietary ceramic paint formulation offers a superior look and feel that stands out while providing exceptional scratch resistance.

### Easy and Quick Cargo Access

**AL3 PRO** hard covers use our cable-operated quick latch system, which makes accessing your cargo effortless—whether you're in a rush to cover your gear before a storm hits or just loading up for the day.
