

Introducing Workspport's SC3 Soft Trifold Tonneau Cover

Engineered and tested in the USA, it's designed to offer both quality and ease of use, making it an ideal entry-level choice for seasoned truck owners and newcomers to vehicle customization.

SC3 elevates your pickup truck experience as a quintessential addition that combines functionality, style, and affordability.

KEY FEATURES

- Handcrafted/hand-assembled
- Stainless steel hardware
- Fits most major makes and models
- Designed and tested in the US
- Customer Service located in Canada and the US
- Stocked and shipped in the US
- Fast and efficient shipping
- Workspport Q-Seals offer superior weather protection for your cargo
- Lifetime warranty on any defective materials and craftsmanship as per our warranty policy

DESIGN

- Low-profile and sleek
- Contoured to minimize water pooling on the cover
- Textured and matte black coated aluminum frame offers maximum protection without sacrificing style
- No brackets or rails allow more functional use of your truck bed
- Dual pivot, aluminum reinforced hinges

LATCHING

- Aluminum-reinforced coated front clamps
- The rear cam latch is custom-set to ensure proper fitment

SEALS

- Rubber components are UV and weather-tested
- Side seals use double sweep Q-profile to conform to uneven bed rail surfaces

- The rear fin seal is designed and tested for repeated tailgate use
- The front dust flap extends the entire width of the bulkhead, ensuring greater weather protection

TARP

- Both sides of the tarp are UV-protected
- Tear resistant
- Seamless one-piece vinyl design for superior weather resistance
- Triple-seam, marine grade, and UV-stable stitching
- Tarp is reinforced along the edges with additional material
- Plastic corner reinforcements to prevent curling and the cover from sagging

INSTALLATION

- Lightweight
- Comes fully assembled

- Easy to install and remove
- No drilling or modification is necessary, making installation a breeze

SECURITY

- Secure your truck bed against unauthorized access when paired with a locking tailgate
- Keeps your cargo safe by keeping the contents out of sight and out of mind
- The rear cam latch provides maximum protection against forced entry

COST & COMPETITOR COMPARISSON

- Designed to be a product that rivals the other, more expensive folding soft covers available in today's market while remaining affordable for even the most budget-conscious customers
